Customization Options

Decoration, branding and private label support

Decoration Methods

- Sublimation for full-color sports kits, polos, shorts and performance wear.
- DTF heat transfer for logos, names, numbers and small-batch custom artwork.
- Screen printing for cost-effective bulk uniform and promotional orders.
- Embroidery and patches for schoolwear, jackets, polos and premium branding.
- Stone/rhinestone decoration is available for selected styles.

Buyer Branding

- Custom colors, buyer logos, names and numbers can be applied to suitable products.
- Label, tag and packing requirements can be discussed for bulk orders.
- Sample or mockup approval before mass production is recommended for customized orders.

Order Workflow & Quote Checklist

What is needed to quote professionally

Order Workflow

- 1. Buyer inquiry: product type, quantity, design, logo and target date.
- 2. Fabric/design review: fabric, GSM, color, artwork and customization method.
- 3. Quotation: MOQ, sample cost, unit price, production time and delivery terms.
- 4. Sample approval: sample or mockup approval before bulk production.
- 5. Bulk production: stitching, decoration, quality checks, packing and dispatch coordination.

Quote Checklist

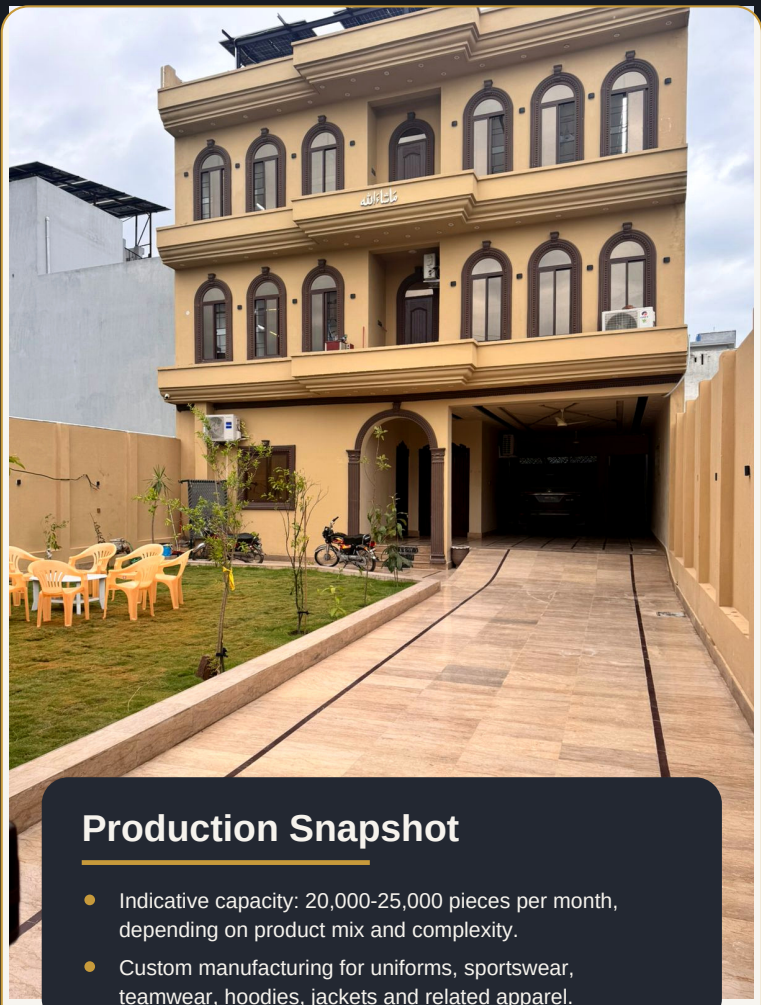

- Product type and quantity.
- Size breakdown and gender/age group.
- Fabric type, GSM and required quality level.
- Logo/artwork files in AI, PDF, SVG or high-resolution PNG where possible.
- Required delivery date and packing requirements.

Important Buyer Note

- Images in this catalogue are sample references for product discussion. Buyer logos, names, numbers, colors and patterns can be customized.
- Factory production-area images are pending and will be added when available to strengthen buyer confidence.
